DETAILED ACTION

Status of the Claims

Applicants' amendment and response to office action dated September 24, 2002, filed on March 4, 2003 in paper #11 is acknowledged. Claims 19, 20 and 22 have been amended. New claims 24-27 have been added.

Newly submitted claims 24-27 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Claims 24-27 reads on original claims 15-17 (Group VI), which were restricted from claims 19-22 (Group VII) because they are different products, therefore, inventions are patentably distinct (see Election/Restriction, paper# 7). Claims 19-22 (Group VII) were elected for examination in paper #8.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 24-27 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Therefore, claims 19-22 currently pending and are under examination.

Response to Remarks and arguments

Rejections under 35 U.S.C. § 112, first paragraph

Rejection of claims 19-22 under 35 U.S.C. 112, first paragraph is withdrawn in view of Applicants' amendment to claims.

Rejections under 35 U.S.C. § 102

Rejection of claims 19-22 under 35 U.S.C. 102, is withdrawn in view of Applicants' amendment to claims.

New grounds of Rejection

Rejections under 35 U.S.C. § 102

Application/Control Number: 09/643,260

Art Unit: 1653

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.
- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 19-21 are rejected under 35 U.S.C. 102(b) as anticipated by Rothe et al. (WO 99/01541, January 14, 1999). Rothe et al. teach an IKK-alpha protein, which has 100% sequence identity to SEQ ID NO: 2 (see sequence alignment result, Cao et al., A_Geneseq_101002 database, Accession NO: AAW96182, April 27, 1999). This reads on claims 19, 20 and 21, which has an isolated polypeptide comprising an amino acid sequence selected from the group consisting of SEQ ID NO: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19 (claim 19). See the sequence alignment attached to the Cao et al. reference. As to claims 20 and 21, the Rothe et al. reference discloses a composition comprising the IKK-alpha polypeptide (page 3, line 1) that would have been the composition that contains the peptide of claim 19.

Claim 19 is rejected under 35 U.S.C. 102(a) as anticipated by Adams et al. (Science, vol 287, pp 2185-2195, March 24, 2000). Adams et al. teach a CG6060 protein from Drosophila melanogaster, which has 100% sequence identity to SEQ ID NO: 9 (see sequence alignment result, Adams et al., SPTREMBL_21 database, Accession NO: Q9VTL8, May 1, 2000). This reads on claims 19, 20 and 21, which has an isolated polypeptide comprising an amino acid sequence selected from the group consisting of SEQ ID NO: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19 (claim 19). See the sequence alignment attached to the Adams et al. reference.

Conclusion

Claims 19-21 are rejected. Claim 22 is allowable.

Application/Control Number: 09/643,260

Art Unit: 1653

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Inquiries

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Rita Mitra whose telephone number is (703) 605-1211. The Examiner can normally be reached from 9:30 a.m. to 6:30 p.m. on weekdays. If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Dr. Christopher Low, can be reached at (703) 308-2923. Papers related to this application may be submitted to Technology Center 1600 by facsimile transmission. Papers should be faxed to Technology Center 1600 via the PTO Fax Center located in Crystal Mall 1. The faxing of such papers must conform with the notice published in the Official Gazette, 1096 OG 30 (November 15, 1989). The Fax Center number is (703) 308-4242. Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0196.
